The QULES'S DELIGIET, which forms an essential ingredient in the Graefenburg Sarsaparilla Compount, is probably superior to Sarsaparilla itself. Professor Frost of Charleston, S. C. speaks of it as follows in the Southern Journal of Medicine and Pharmacy: — Few vegetable productions exhibit more power upon the system generally. So powerfully is its action exerted upon the capillary and constitutions of the productions of the capillary and secretary coses. erfully is its action exerted upon the capillary and secreting vessels, in changing their morland states or conditions and disposing them to a new and healthy action, that it is greatly to be preferred, &c. &c. ? He further adds, that it is in chronic discusses and tehronic inflamations, and also in the long train of consequences that follows syphilis, that its efficacy is best exhibited.

ey is best exhibited.

The superiority of the Graefenburg Sarsaparilla Compound may be thus stated:

1st. It is composed of a mosber of the most efficacious vegetable properties in the whole range of the M steria Medica in addition to Sarsaparilla.

2d. These are so highly concentrated that there are many more doses in the bottle than in any of the very largest bottles advertised.

yery largest bottles advertised.

33. This concentration renders it to Sarsaparilla what Quiniae is to Pernvian Back. The more dibate largeparations are no better than ordinary root beer; souring on the stemach and spoiling in the bottles. To use a weak infusion of Sarsaparilla wheat a sulphate of the article may be had, is like taking back instead of Quinine, or like travelling in a seaw against a strong current instead of in a swift steamer.

these things being so, let all who have made up their minds to use any Sar-aparilla, use that of the Graefesberg Company. It is warranted to be ten times more efficacious than any other known; no matter how large the bottle or extravagant the ad-

The money thus obtained, after paying necessary expenses, is applied, in the first instance, to the production, from an American Painting, of a large and costly original Engraving, in the highest style of American Art.

For every five dollars paid by him, every member also receives an Annual Report, containing the proceedings and addresses at the annual

taining the proceedings and addresses at the annu-al distribution, a list of the members, &c., and sometimes an additional Work of Art.

The residue of the money is applied to the purchase of American Works of Art.—Paintings,

Sculpture, &c.—varying in price from twenty to several hundred dollars.

These Works of Art—the Paintings being richly framed—are publicly distributed by lot among all the members, on the Friday before Christmas

in each year, every member having one share for every five dollars paid by him.

Each member is thus certain of receiving in return, the value of the five dollars paid, and has

This compound is an infallible cure for the piles, rush of blood to the head, pain in the head, side, chest, back, limbs, joints and organs, scurvy, swellings, sick headache, stiffness of the joints, exposure and imprudence of life. This newly discovered chemical compound, extracts nervous diseases from the system, cleanses the blood and invigorates the body more effectually then any article that has ever been sold. In the vegetable kingdom, an All-wise Being has deposited such plants and herbs as are congenial to our constitutions, and adapted to the cure of all curable diseases to which human nature is incident. And this com pound syrup is composed of those valuable plants some of which have lately been discove ed and used, and found to be certain specifies in thousands of diseases that before defied the best of medical skill.

those suffering from this disease that I am entirely curred. I keep a bottle in my house, and when I feel the least unpleasant symptom, a dose of this excellent Medicine entirely removes it. I am of opinion every case of Dyapepsia and its attendants can be curred by the use of Dr. Wood's Sarsaparilla and Wild Cherry Bitters.

To those trobbled with habitual Costiveness, loss of Appetite, saur Stomach or Headache, I would carnestly recommend them to try it. Its astonishing effects in my case should induce every one suffering from this disease to gove it trial; I feel satisfied they will never regret it. You are at liberty to refer any one to me, and it will give me great pleuse ure to personally recommend the use of that excelent remedy and state the particulars of my case.

拉ORIGINA MICERICAN!

WESTERN NEW YORK College of Gealth, DR. G. C. VAUGHN'S Vegetable Lithontriptic Advertisement for 1847.—"I came, I saw, I conquered," is most emphatically the case with this article. Disease has every fielded to its most marvellous medicinal cover.

most marvellous medicinal power. Wherever it has gone, and South America, England, Canada and the United States have proved the truth of this statement, the above quotation in a strong & pithy sentence, tells the whole story. Invalids, the principle on which you are cured may not be known to you, but the result of a trial of the arrows to you, but the result of a trial of the arrows to you, but the result of a trial of the arrows to you. the principle on which you are core; may not be known to you, but the result of a trial of the ar-ticle is satisfactory; you are restored, and the se-cret of the cure remains with the proprietor. The Medicine is a compound of 22 distinct vegetable agencies; each individual root has its own particular, exclusive, medical property, conflicting with no other compound—each root makes its own cure-and as a perfect combination, when taken into the system, it does the work which NArung, when her laws were first established, inten-ded it should do—purifies, strengthens and restores the broken down, debilitated constitution.—Drop-sr, in all its characters, will be completely eradicated from the system by its use. See pam-phless in agent's hands, for free circulation—they phlefs in agent's hands, for free circulation—they treat upon all discoses, and show testimony of cures Gnavel, and all complaints of the urinory organs, form also the cause of great suffering, and Vargnan's Lithontairric has acquired no small celebrity over the country, by the cures it has made in this distressing class of afflictions. So famed, it seems, is this midicine, that it has thus attracted the notice of one of our Medical publications. In the November No., 1846, of the Buffalo Journal and Monthly Review of Medical and Surgical Science, in an article on calculous diseases, and 'solvents,' the writer, after noticine the fact and 'solvents,' the writer, after noticing the fact that the Euglish government once purchased a secret remedy, and also noticing the purchase in 1802 of a secret remedy, by the Legislature to New York, thus pays tribute to the fame of the Medicine—"Why do not our Representatives in Senate and Assembly convened, enlighten and 'dissolve' the suffering thousands of this country, by the purchase of Vaugban's Lithontriptic, than which no solvent since the days of Alchemy has possessen one half the fame?' Reader, here is a periodical of high standing, acknowledged thro'out a large section of this country to be one of the best conducted journals of the kind in the United States, exchanging with the scientific works of Europe to our certain knowledge, edited by Austin Flint, M. D., and contributed to by men of the highest professional ability, thus stepping axide to notice a 'secret remedy.' You will at once understand no unknown and worthly to notice me, could thus extort a comment from so high a quarter— and consequently, unless it directly conflicted with the practice of the faculty, it must have been its great 'fame' which has caused it to receive this its great 'fame' which has caused it to receive this passing nod. Kinner disease, weakness of the back and spine, irregular, painful and suppressed Menstruation, Fluor Allus, and the entire complicated train of evils which follow a disordered sysem, are at once relieved by the medicine. Send for pamphics from Agents, and you will find evidence of the value of the Lithoutriptic there put forth.—As a remedy for the irregularities of the female system, it has in the companyed a "you" female system, it has in the compound a "root" which has been resorted to in the north of Enroep for centuries—as a sure cure for this complaint, and a testorer of the health of the entire system. and a featorer of the health of the centre system.

Liven Complaint, Jaconies, Billiots Diseases
&c., are instantly refleved. People of the West
will find it the only remedy in these complaints,
as well as Feven and Agen. There is no remedy like it, and no culomet or quenene forms any part of this mixture. No injury will result in its use, and its active properties are manifested in the use of a single 30 oz bottle. For FEVER AND A-GUE Bilious Dimeders, take no other medicine. RHEUMATION, GOUT, will find relief. The action disease-which originates in the blood-and a healthy result vill follow. Dyspersia, lynnerstitled to the most unquestionable belief. After baying tried the many new preparations, without finding the expected relief, unlitibudes are compelled to return to the use of the Vegetable Pulmonary Baldam, which they acknowledge to be, after all, the best remedy known for the above complaints.
